

UTAH : by Lylouann and Juliette

Bryce Canyon National Park :

It is an American National Park in the South of Utah.

With an area of 145 km square, this park is renowned for its landscapes composed of rocks colored with a

conical shape and aging about ten million years.

CHIPMUNKS :

They are beige, black, brown and yellow. They are so cute and fairly comfortable with humans. These small animals store food in winter in their underground burrows when they hibernate during the

winter. Their life expectancy is about 3 years.

NAVAJO TACOS :

They are composed of frybread, it's a flat dough bread, fried or deep-fried in oil. This dish is made with a

simple ingredients, generally wheat flour, sugar, salt... It can be served with chili, tomato and lettuce.

THE NAVAJO :

They are Native American people of the Southwestern United States. The Navajo Nation is the largest reservation in the country. The Navajo language is spoken throughout the region, and most Navajo also speak English.
